- US History
- World History
- World Geography
- AP US History
- AP Human Geography
- AP Economics

Languages other than English

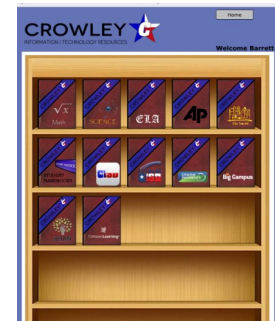

- French I, II, & III

How to start

eLM is a repository of instructional materials that aligns with the students schedules via Skyward student information system. Your student will simply need to “accept” the user agreement on the first page, and then logon with their district issued ID#.

Once they have logged into the system, they will be brought to their unique bookshelf. It is unique as it will only show the courses that they are enrolled into via Skyward. Next, simply tap the subject and their book school will be loaded and available. Notice there are several other resources in eLM as well. Student Handbooks, websites, etc...
