Troubleshooting Tips

Error message stating you cannot add app because it has already been added to the queue.

1. Wait 5 minutes.
2. If the app does not load, download again.

When you open the Absolute Apps or LANrev Apps, the page is white.
Absolute Apps or LANrev Apps is grayed out and says “waiting” or “installing” for more than 10 minutes.

1. Wait 5 minutes.
2. Check to make sure it is marked “App Store” on the bottom of the page.
3. If the App Store portion does not load, delete the app.

(To delete hold your finger on the app until it shakes. Then press the small X to delete.)

4. See “Neither Absolute Apps nor LANrev Apps is on the iPad” below.

Neither Absolute Apps nor LANrev Apps is on the iPad
Only the gray Configure Absolute Apps is on the iPad.

1. Make sure the iPad is charged, turned on, and connected to Wi-Fi for at least 24 hours.
2. If neither loads in 24 hours, submit iPad serial numbers to be loaded to the system.
